APA ANNOUNCES PUBLIC HEARINGS FOR HURRICANE MTN AND ST. REGIS FIRE TOWERS

RAY BROOK, NY - The Adirondack Park Agency (APA) will hold three public hearings regarding the assessment of alternatives to amend the Adirondack Park State Land Master Plan (SLMP) related to the fire towers in the St. Regis Canoe Area and Hurricane Mountain Primitive Area. The APA is also accepting written comments on this matter until August 25, 2010.

Proposed alternatives for amending the State Land Master Plan include:

- Reclassify an area around the base of the fire towers on St. Regis and Hurricane Mountains to a Historic Area classification.
- Revise the SLMP Canoe Area guidelines to include the fire tower on St. Regis Mountain as a conforming structure.
- Revise the SLMP classification guidelines to allow the retention of the fire towers in Primitive areas under certain conditions. This alternative would include creating a small Primitive area around the fire tower on St. Regis and retaining a small Primitive area classification around the fire tower on Hurricane Mountain.
- No Action; which would result in removal or relocation from their current locations.
