Mr. A. I. Voeburgh:

On May 2 we transmitted to the Paul Smiths Hotel Company at Paul Smiths, N. Y., a privilege for right of way for our telephone line to the St. Regis Mountain station.

Will you please call upon these people and explain the purpose of our system of mountain stations, and see if you cannot persuade them to sign the privilege for right of way? You may state to them that nearly all the owners of land, whose property is crossed by our mountain station telephone lines, have granted us this privilege.

Very truly yours,

A.S.S.F.
